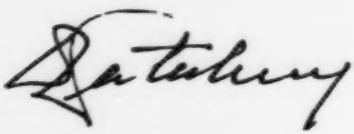
Dear Mr. Minister:

I have the honour to submit the annual report of the Criminal Injuries Compensation Board for the fiscal year April 1, 1989 to March 31, 1990.

Respectfully submitted,



David J.C. Waterbury, Q.C.
Chairman

INTRODUCTION

This is the second report on a fiscal-year basis, pursuant to an amendment to Compensation of Victims of Crime Act, SNS, 1975, c.8. To assist with comparisons, activities of the Board in 1988-89 are recorded on the statistics report.

LEGISLATION

The Board functions under the Compensation for Victims of Crime Act, which came into force in Nova Scotia on the 12 May 1981. By this Act, the Board is required, upon application, to provide compensation to the victim, or, where the death of the victim has resulted, the victim's dependents, when in Nova Scotia any person is injured or killed by an act or omission by any other person occurring or resulting from the commission of any of the offences set forth in the Schedule to the Act. The Board may make a lump-sum payment of up to $30,000 or periodic payments of $1,000 each. The Board cannot pay any account for damages that totals less than $250. There is a limitation period of one year, which may be waived in certain circumstances. The Board can concern itself only with offences that took place after the date the Act came into force. Having made payments, the Board is subrogated to all the rights of the person to whom payment is made. The Board is required to consider the conduct of the victim if it in any way contributed directly or indirectly to his or her injury, or if he or she was uncooperative. Injury means bodily harm, mental or nervous shock, pain, and suffering.

PERSONNEL

The Board is served by David J.C. Waterbury, Q.C., Chairman; C. Benson Auld, M.D., Vice chairman; and Patrick C. Copeland, C.A., board member. The Board serves under the jurisdiction of the Attorney General and is responsible for the administration of the Compensation for Victims of Crime Act. Mr. Keith Hall serves the Board as its investigator and Program Administration Officer. The office is located at 1660 Hollis St., Suite 402, Halifax, Nova Scotia B3J 2V9.

COST SHARING

Awards made under the Act are cost-shared between the governments of Canada and Nova Scotia. The contribution by the Government of Canada has been in the amount of 50 per cent of awards (net of any recoveries) to a maximum of 25 cents per capita of the population of Nova Scotia. The

contribution by the federal government anticipated for the year under review is in the area of $222,000. The administrative costs of the Board are borne entirely by the Province of Nova Scotia.

PUBLIC AWARENESS

It continues to be the responsibility of the Board to make the public aware of its existence and authority. Large posters and explanatory brochures have been printed and are displayed in hospitals, police stations, and other public institutions.

The various police forces throughout the province have been provided with information, and some have been visited either by the Chairman or by Mr. Hall during the calendar year under review. Although hearings of the Board are generally open to the public, there are exceptions. For example, it would be improper for the Board to admit the public where the person whose act or omission allegedly caused injury has not been charged with a criminal offence or, if charged, has not been convicted. In other cases, in the opinion of the Board, it may not be in the interest of the victim or the dependants of the victim of an alleged sexual offence to hold the hearings in public; or the Board may determine that it is in the interest of the parties or in the public interest not to hold the hearings in public.

ADMINISTRATION AND ACTIVITY

The number of applications received in the fiscal year 1989/90 rose to 298 from 226, an increase of 32 per cent. The number of hearings has increased considerably and the total funds awarded has increased by 32 per cent to $674,415.94 from $518,527.57. Other detailed increases will be noted from statistics, which follow.

Since the end of this fiscal year, the increase has continued and it is anticipated that the Board will have to find 50 per cent more time for sitting in hearings and a substantial increase in staff.

SUBROGATION

By Section 32(2), the Board is subject to all rights of the person to whom payment is made under the Act to recover damages by civil proceedings in respect to the injury and may maintain an action in the name of such person. The amounts so acquired have been calculated at $12,336 in 1989/90.

GENERAL

The Board continues to cut back or refuse compensation to victims who have not cooperated with the police and particularly those who have failed to report themselves as a victim of a criminal activity or to attend criminal trials or Board hearings. The Board also closely examines the conduct of the victim pursuant to Section 26. The Board is not inclined to compensate persons who have been drinking to a considerable extent and may have impaired their faculties, thereby rendering themselves attractive targets for assault or as being incapable of resisting.

The Board acknowledges the valued contribution of all court officials, police forces, hospitals, doctors, and legal counsel involved in the presentation of the matters for its consideration. The police forces of the province have been particularly cooperative in providing reports that are of great assistance to the Board. Without those reports, costly investigations would be necessary. Reports requested from hospitals and court officials have been promptly received in all instances. Doctors' reports are particularly essential, and the Board acknowledges with appreciation the fact that skilled physicians frequently provide to the Board detailed reports at very reasonable fees.
